Customer Journey Map

Map out the customer's experience stage-by-stage, capturing their actions, touchpoints, thoughts, and feelings, along with process ownership and improvement opportunities at each stage.

Phase of Journey	Stage 1	Stage 2	Stage 3
Actions <i>What does the customer do?</i>	• Opens the application • Enters event details and interests • Starts the networking session	• Receives conversation starters • Checks suggested topics • Uses fact-checking feature	• Gives feedback • Saves conversation history • Reviews previous interactions
Touchpoint <i>What part of the service do they interact with?</i>	• Streamlit user interface • Input form	• AI conversation generator • Event analyzer • Fact checker	• Feedback page • History page
Customer Thought <i>What is the customer thinking?</i>	• "I hope this helps me prepare." • "I need good conversation ideas." • "I want to feel confident."	• "These topics are useful." • "Let me verify this information." • "Now I know what to discuss."	• "My networking skills are improving." • "I can use this again." • "The saved history is helpful."

Customer Feeling <i>What is the customer feeling?</i>	Nervous but hopeful	Confident and prepared	Satisfied and motivated
Process Ownership <i>Who is in the lead on this?</i>	User & Frontend	AI Services & FastAPI Backend	Feedback and History Modules
Opportunities <i>How can we improve this stage?</i>	• Improve user guidance • Add more event categories • Simplify input process	• Generate more personalized suggestions • Improve AI accuracy • Add multilingual support	• Visualize progress • Export conversation history • Cloud synchronization
